"MALICIOUS, LIE," SAYS

AMONETT OF KELLY CHARGE
"I have no time to answer all the
mudslinging that is being done by
mayor Kelly," said Wm. Amonett,
foreman of the grand jury, when
seen by a Herald reporter today,
"but I will say this, that his charge
that I was arrested for gambling;
that I gave a fictitious name to the
police and that I offgred the officer
who he said arrested me \$10 to turn
me loose is a mulicious, d.—n fic."

WANT you all to get this, I want you to pay your closest attention. There is an item in the disbursements of the special fund that reads: 'Special officers, \$2185.' That item would have been omitted if it hadn't been for the fact that the special officers had to be hired to see that the foreman of this present grand Jury dimit run a gambling house. You have read the grand Jury report signed by Billy Amonett. Well, this same tile if Amonett, who is so anxious about the purity of the city, was arrested on March 25, 1911, and docketed No. 511, as George Blair, charged with gambling. And this same Billy Amonett offered Mr. Wood, the policemus who arrested him, 420 to let him go. "He put up a bond of \$25 on the charge." Beforing to what he termed documentary proof, mayor C. E. Kelly made this charge Thursday night at a mass meeting of the "ring," held at the skatting rink. Every seat in the big auditorium was filled and many were compelled to stand. it hadn't been for the fact that the cartoon of the disposal plant-talk about slinging mud! Goes After Jackson.

"Our district judge has said that Keily has a yellow streak. Dan Jackson nover was as white as I am. I've heard it said that yellow is pure gold. Well, if he was yellow and pure gold he would trim some of the gold off and pay his debta with it. If you business men doubt what I say, look up the Business Men's Protective association directory.

"They say Lea is not running for mayor of Juares. We all know that. There have been times when the mayor of El Faso had to go scross the river. If he had not, there are some American citizens who would have suffered. I have helped many because I could and did go across the river.

"Some" Good Men on Jury.

"There are some good men on that jury," the mayor continued. "there must be good men in a collection of 12. "But lat me return to Billy Amonett. The very next day, on March 30, to be exact, he came to my office and said." What will it cost me if I am caught." and I replied, 'You will get the bisgreat rise that the law allows, and as often as the law allows. Then he said. Don't you know that you are forcing money advess the river by this? and I said to him. They can take all the money across the river they want to to gamble, but I won't let you or anyone else, ruin people right here in El Paso."

Sullivan in like manner, attacked the host of reforms until he saw a group of them that bore the sign-manual of "Fate" and these he promptly expoused, adding to his political strength thereby.

Bryan called him a train wrecker. And, in effect, it was his practice ruth-lessly to upset any train that came his way freighted with the good of the people, but when he found one that proved unwreckable, he skipped upon the observation car and put on the airs of one who had hunched it, and couldn't live without it. Wouldn't you call that trimming and straddling?

Psychologists have ably sketched for us the scale of human intelligence as measured by the faculty of foresight and provision for the future. Gaged by this standard, Roger Sullivan stands preeminent over the mob of socalied able politicians, and writers do well to laud his prescience, for he is one of those who instinctively keep "an ear to the ground."

Outside Evidence

A newspaper photographer was busy at the Boston Navy Yard securing photos of the battleships getting ready for Mexican service, and the picture above is one he secured for his paper.

It would have been impossible for us to get such evidence of Texaco quality and service, so we secured one of the pictures from the photographer.

Naturally, active service means hard usage, difficulties and dangers. So there is keener inspection of stores and more microscopic examination of goods.

It is quite natural, therefore, for the photographer to have snapped his camera just as Texaco Products were being hoisted aboard the U.S. S. "Nebraska."

Texaco Quality and Service are known where the demand is for high quality and careful, prompt service.

Look for the Texaco Products in your own town. You can recognize them by the Red-Star-Green-T emblem of "made in Texas" fame.

They are just as valuable for you as they are for the navy. See our agent.
